ABOUT THE COMPANY

Who We Are

Diamond Engineering Company Limited is a leading manufacturer and distributor of high-quality construction and interior finishing materials. Over the years, the company has built a strong reputation for innovation, durability, and reliability in the construction industry. With a commitment to quality craftsmanship, timely delivery, and customer satisfaction, Diamond Engineering Company Limited has become a trusted partner.

Our Mission

To design, manufacture superior solutions that enhance spaces, inspire confidence and stand the test of time.

Our Vision

Crafting quality, shaping experiences and building lasting value

Doors and Related Accessories

We specialize in producing a wide range of doors that cater to different architectural styles and functional requirements. Our production process follows strict quality control measures, ensuring that each door meets industry standards for strength, durability, and design precision.

FLUSH DOORS

- Simple and modern design
- Cost-effective and widely used for interior applications
- Available in different finishes (plain, laminated, or veneer)

SOLID WOODEN DOORS

- Made from premium hardwood for superior strength and longevity
- Natural wood grain for a timeless and elegant look
- Available in different wood types and finishes

BATTEN DOORS

- Constructed using vertical battens reinforced with horizontal rails
- Strong and durable with a rustic, traditional appearance
- Ideal for cottages, storage rooms, and classic interiors

TEE DOORS

- Designed with horizontal and diagonal wooden planks for added strength
- Offers superior stability and aesthetic appeal
- Suitable for barn-style, industrial, or contemporary interiors

CUSTOMISED DOOR DESIGNS

- Tailor-made to client specifications
- Available in various sizes, materials, and finishes
- Ideal for unique architectural requirements
